

# 72<sup>nd</sup> Tuna Conference

Virtual Conference  
May 24-26, 2022

---

## Technological advances in large-pelagic fisheries science: applications, benefits, and challenges.

### Important Information

May 5, 2022

Dear Colleagues:

The Tuna Conference is just around the corner, and we would like to take this opportunity to share important information regarding registration, talk and poster specifics, and some additional information which may be of interest.

#### **Registration:**

Registration is still open and encouraged for everyone who would like to attend the virtual conference. Unfortunately, we are no longer accepting submissions for paper or poster abstracts. Please find the registration form under the Information tab on our website ([www.tunaconference.org](http://www.tunaconference.org))

#### **Presentations:**

**Oral presentations** are 15 minutes, including questions. We recommended speakers aim to give a 10–12-minute presentation to allow 3-5 minutes for questions. Please be aware of the session and time you are presenting. Make sure to send us your presentation via e-mail to [tunaconferenceinfo@gmail.com](mailto:tunaconferenceinfo@gmail.com). This will allow time to address any issues that may arise.

**Poster presentations** will be done a bit differently this time. Please prepare your poster on PDF or PPT format. Your poster will be displayed for the duration of your presentation, which is five minutes. You are welcome to zoom in on specific parts of your poster for clarification. Please send your poster via e-mail to [tunaconferenceinfo@gmail.com](mailto:tunaconferenceinfo@gmail.com) so we can display it during the presentation.

The conference ends on **Thursday May 26<sup>th</sup> at 15:30 PST.**

**We look forward to seeing you at the 72<sup>nd</sup> Tuna Conference!**

Jon Lopez and Marlon Roman, Co-Chairs of the 72<sup>nd</sup> Tuna Conference  
Barbara Cullingford, Tuna Conference Coordinator  
Inter-American Tropical Tuna Commission (IATTC)  
8901 La Jolla Shores Drive
